

---

TargetPoint Consulting, a leading MicroTargeting firm in our Nation's Capital, seeks an energetic, creative professional to join their team as a Database Administrator.

TargetPoint Consulting is a full service public opinion and MicroTargeting market research firm lead by the nation's foremost experts, seasoned political managers, leading statistical experts, and respected analysts. We work to elect conservative candidates to office, and support those currently in office.

The successful candidate will:

- Have an interest in conservative politics
- Have a strong understanding of SQL database structure and experience developing and administering Microsoft SQL Server databases
- Have an understanding of Microsoft SQL Server Enterprise edition features

## Responsibilities

---

- Managing high-availability production database servers
- Developing and maintaining data transformation processes in Microsoft's Azure environment
- Controlling and auditing user access and data integrity
- Managing and creating automated tasks for database backup
- Abstracting real world data into coherent and correctly normalized database and datawarehouse structures

## Qualifications

---

- Bachelor's Degree in, Computer Science, Mathematics, or related field
- Demonstrated proficiency in administering a Microsoft SQL Server Enterprise edition server utilizing partitions
- Experience or proficiency in C# or another object-oriented programming language
- Experience with Microsoft Azure data factory and data lake analytics
- Strong problem solving and trouble shooting skills
- Ability to work independently as well as an ability to collaborate and communicate effectively with other members of the TargetPoint team

## Salary & Benefits

---

- Salary is competitive based on candidate qualifications and experience. Full benefits package including healthcare coverage, HSA contributions, and 401(k) eligibility.

To apply, please send resume and cover letter to [infotpc@targetpointconsulting.com](mailto:infotpc@targetpointconsulting.com) with your name and the listed position in the subject line.
